Arabs Students	Non- Arab Students			
Arabic A	PE	CAIE International Project Qualification (IPQ)	Debate	STEM

Selected subject: First Preference: _____ Second Preference: _____

Important notes

- Select one subject from each option block, to make a total of four subjects. CAIE does not allow the combination of Computer Science and IT. All courses will only run if there are a minimum of 15 students.
- If a course is undersubscribed (less than 15 students selecting it), the course will be removed from the blocks and those students selecting that course will be contacted to select their options again.
- BTEC Diploma courses now qualify for MOE equivalency. They are also well recognised by universities in the UK and many of our students are pursuing their engineering, hospitality and other courses with scholarships in universities in US also.
- All course and examination fees are payable at the start at the point of admission. Should exam boards increase their fees after this point, parents will be informed of the fee change.

Subject Specific Requirements
